

Daisy

Daisy is a sassy and funny older girl (around 12 ish) who has very sadly lost her Mum recently. Initially shy, she has blossomed in her foster home, and we think she will make a great companion. Ideally, we think she would prefer to be an only cat in a quieter household who have had cats before with some access to the outdoors. She is very chatty, loves to snuggle up next to you and will roll about on your lap if you put her there and make sure she doesn't roll off!

Daisy does have an ongoing health requirement which is under control, she takes her meds with no problems and is now in good health. Her future vet bills and any medication costs will be met by Cat Rescue.
