

Neyo and Frankie are two very large male cats who need to be homed together as they have formed a close bond. Neyo is Fiv positive which means he has to be a house cat or could go out into the garden provided it was adapted so he couldn't get out of the garden and other cats couldn't get in. Frankie is fiv negative and since he and Neyo are close buddies they are ok together as they never fight. Neyo needs to lose a lot of weight as due to being in a pen and not able to run around outside he is a couch potato and his favourite hobby is eating!!! Both love attention on their terms and Frankie hates being picked up. They would prefer an adult only home due to their size. If you are interested in giving Neyo and Frankie a home please TEXT your interest and contact details to Lisa at 07979427011 You can see a short video of this gorgeous pair by using this youtube link <https://youtu.be/UJmxFkL6LNg>
