

## Dusty and Patch

Dusty and Patch are a very delightful pair of 3 year old sisters. They are a bit shy at first but with a little time and patience soon become very affectionate and loving. They are spayed, microchipped and flea treated. They have always been indoor cats and whilst we are happy for that to continue it would be ideal if they could experience the outside world through a catio or cat safe fenced garden. They are best as only pets and would be fine with sensible older children.

If you would like to give these adorable sisters their forever home please call or text Imogen on 07855413746
